The image contains four identical 10x10 grids, each intended for a different perspective drawing of a 3D object. The first grid is for the front view, the second for the top view, the third for the left side view, and the fourth for the right side view. Each grid is a square with a 10x10 grid of smaller squares inside, defined by thin black lines.

The image contains four identical, empty 10x10 grids arranged horizontally. Each grid is composed of 10 columns and 10 rows of squares, defined by thin black lines. These grids are intended for drawing the four figures mentioned in the text: a person, a dog, a cat, and a bird.The image contains four identical, empty 10x10 grids arranged horizontally. Each grid is composed of thin black lines forming a square pattern, with 10 columns and 10 rows. These grids are intended for drawing the four shapes described in the text.
